

Does your research use
math to model the world?
Then come to...

The Purdue SIAM Callout Meeting

What:

SIAM is the Society for Industrial & Applied Mathematics. Its goal is to promote interactions between mathematics and other scientific and technological communities. We bring together folks using math from all disciplines.

When & Where: 6:00 Friday, February 12, 2010
1106 Lawson (LWSN)

Why: Find out how to get a free membership to SIAM
Find out what the Purdue SIAM chapter can do for you.
Network with other students and researchers.
